

Christmas Jumpers!

Are you buying a new Christmas Jumper this year?

What are you planning to do with your old one?

Did you know that 65 million Christmas jumpers are already owned in the UK, with a whopping 12 million more estimated to be sold this festive season? More shockingly, 1 in 4 of these jumpers are only ever worn once and worse still end up in land fill!

Here at Ysgol Yr Hafod, with the help from our passionate ECO-TEAM, we are pledging to be more environmentally friendly and so we are introducing the Christmas Jumper Amnesty.

If you have any unwanted children's Christmas jumpers that your children have outgrown, please send it to school for others to use over this festive period.

This stops the need to buy new jumpers, both helping to save money and the planet in one step.

Please help the ECO-TEAM make Christmas sustainable by donating your old, clean Christmas jumpers to school by **Thursday 5th December**.

If you would like a Christmas jumper for your child, they will be available in the Main Entrance at school on Monday 9th December in readiness for our Christmas jumper day on **Thursday 12th December**.
